- ✓ Sprung loaded shelf stop
- ✓ Can be sub divided
- ✓ High density storage system
- ✓ Offers faster retrieval times
- ✓ Large range of sizes
- ✓ Goods are kept clean
- ✓ Better product identification

Anco Shelf Trays

Our shelf tray range has been completely redesigned with many new features that make it stronger, more competitive and easier to use. The biggest improvement is the addition of a sprung loaded shelf stop at the back of the tray. This means the tray can be withdrawn from the shelf and suspended offering around 90% clear picking. This stop also acts as handle to make it is to carry.

With shelf trays available 3 depths and 2 widths and 2 heights, any configuration can be designed to offer the maximum high density storage solution.

Trays can be sub divided from left to right and all trays and dividers come with labels.
