Connect 2

Connect 2 is our new heavy duty shelving system that is constructed from only two components, the upright and shelf. The unique connection between the shelf and upright provides all the structural stability for the bay, eliminating any need for bracing, clips or fixings.

The first shelf is fitted 200mm from the floor with the remaining shelves adjustable on a pitch of 200mm.

- ✓ Heavy duty design
- ✓ Only two components
- ✓ Shelf loads upto 135kgs
- ✓ Strong Hammer grey finish
- ✓ Wide range modular sizes
- ✓ Also available as a KIT
